Software Requirements Specification (SRS)

Project Title: Club Website & Digital Presence Platform
Document Type: SRS

1. Introduction

1.1 Purpose

This document defines the functional and non-functional requirements for the official club website and its associated digital features. The goal is to establish a professional online presence that communicates the club's identity, history, achievements, and operational details while enabling future enhancements.

1.2 Target Users

- Players and club members
- Coaches and staff

2. Overall Description

2.1 Overview

The website will serve as the official digital representation of the club. It will provide structured, verified, and up-to-date information while maintaining a professional and visually engaging layout.

2.2 Operating Environment

- Web-based application
- Accessible on desktop, tablet, and mobile devices
- Compatible with modern browsers (Chrome, Edge, Firefox, Safari)

2.3 Design Constraints

- Clean and minimal UI
- The system shall be designed to be easily usable by elderly users with varying levels of digital literacy.
- Consistent branding across all pages
- Optimized image usage for performance
- Scalability for future features

3. Requirements

3.1 Home Page

3.1.1 Motto

- The system shall display a single-line club motto.
- The motto shall reflect the club's vision and sporting values.

3.1.2 Journey / History Timeline

- The system shall present a chronological timeline of the club's journey.
- Each year shall include one descriptive paragraph outlining key milestones.

3.1.3 Achievements

- The system shall display a list of major club achievements.
- Each achievement shall include:
    - A description of 3 to 5 lines
    - One or more related images

3.1.4 Tournament Schedule

- The system shall display tournament details under two categories:
    - Ongoing tournaments
    - Upcoming tournaments
- Each tournament entry shall include dates and relevant details.

3.1.5 Ground Images

- The system shall display high-quality images of the club's ground and facilities.

3.2 About Page

3.2.1 Club Overview

- The system shall present a brief introduction to the club.
- The content shall be displayed in two structured paragraphs.

3.2.2 Mission and Objectives

- The system shall outline the club's mission and objectives.
- Objectives shall emphasize player development, discipline, and sportsmanship.

3.2.3 Timings and Venue Details

- The system shall display:
    - Practice timings
    - Venue locations
    - Match or training schedules (if applicable)

3.2.4 Coaching Staff Information

- The system shall display details of coaching staff.
- Each coach profile shall include:
    - Name
    - Role
    - Experience and qualifications

3.2.5 Facilities

- The system shall list the facilities provided by the club.
- Facilities may include training grounds, equipment, fitness areas, and amenities.

3.2.6 Rules and Guidelines

- The system shall display official rules and guidelines.
- The rules shall define expected conduct for players, staff, and members.

3.3 Gallery

- The system shall provide a gallery section.
- The gallery shall include:
    - Match images
    - Training session images
    - Ground and facility photographs
- Media shall be organized logically for easy navigation.

3.4 Communication Setup

- The club shall maintain an official Gmail account.
- The email shall be used for:
    - Official communication
    - Registrations
    - Tournament coordination
    - Sponsorship and inquiries

4. Proposed Future Enhancements

- The system should support content translation into multiple languages.
- Language selection should be user-controlled.
- The system may include a 3D jersey preview feature.
- Users should be able to view jerseys from multiple angles.
- Customization options may be added in later phases.

5. Non-Functional Requirements

- The interface shall be intuitive and easy to navigate.Content shall be readable and well-structured.
- Pages shall load efficiently, even with image-heavy sections.
- Images shall be optimized without quality loss.
- Admin-level content updates shall be restricted.
- The system shall allow easy updates to content such as achievements, schedules, and gallery items.

6. Priority Classification of Requirements

- Display of core website pages: Home, About, and Gallery
- Clear presentation of club motto, journey timeline, and achievements
- Tournament schedule with ongoing and upcoming categories
- Ground and facility image display
- Rules and guidelines publication
- Official Gmail communication setup
- Secure access to administrative content updates
- **Coach access to structured data with Excel (.xlsx) download capability without data loss**

- Responsive design across desktop, tablet, and mobile devices
- Elderly-friendly UI with simple navigation and readable content
- Basic role-based access control (Admin, Coach, Viewer)

- Multilingual content support
- User-controlled language selection
- Interactive 3D jersey preview
- Jersey customization options
- Advanced visual animations and design enhancements
